INSURANCE OFFICES

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of dwellings of all kinds, (belonging to Farmers,) Household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereof.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, but your own of the same class, and all will be on an equality.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are from stores, taverns, mills, shops, and such like property. In this Company all such property is rejected, receiving Farm risks alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of Insurance.

The best of references given as to the responsibility of the Company.

FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.

Capital over $165,000 in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond doubt, as all commences as the real estate insured is by law bound for the assessment made to cover losses beyond the power of assessment. Every person insured is a member of the company, and entitled to one vote. The cost of insurance does not exceed one third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last two years, this Company have issued 2600 Policies, and made but three assessments, and that for the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

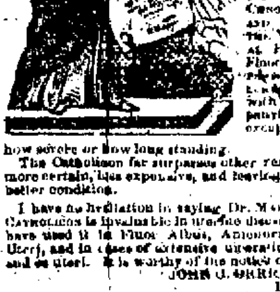
DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.



IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended, usually called *Female Complaints.* Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine disease generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M. D.,
July 6th, 1854. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, save that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D. Y. FOOTE, M. D.,
Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL.

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of dwellings of all kinds, (belonging to Farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereof.

We believe it to be for the interest of the farmers to insure by themselves, their property, being less hazardous than any other; consequently you will have no losses, but your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is released [illegible].

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

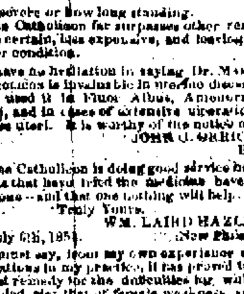
DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females.



IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended, usually called

Female Complaints.

Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying, Dr. Marchisi's Uterine Catholicon is invaluable in the above diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C. ORRICK, M. D.,

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.

Truly Yours,
WM. LAIRD HAZLETT, M. D.,

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb 12th 1855

I find in the Senate Journal the resolution offered by Mr Eldridge, and adopted Here it is:

> Whereas sundry persons and newspapers are charging upon the commissioners of the school and university lands corruption and malfeasance in office, and whereas it is due to the officers themselves as well as to the people, that investigation should be had to ascertain whether there is in fact any foundation for such charges,
>
> Therefore, in order that a personal examination of their office may be made, as the best mode of arriving at the facts, and that an impartial report may be had of their acts as such commissioners,
>
> Resolved, That senators Bashford, Harvey and Hadley be and they are hereby appointed a committee to make such examination and report to the senate at its present session as fully as practicable, the results thereof, and particularly as to the manner in which said officers have conducted the business of selling school and university lands and investing the proceeds of such sales,
>
> And whether the commissioners have sold any pine lands or timbered lands of any description or any other lands without requiring any part, or a sufficient part of the principal to be paid at the time of the purchase, and which lands, in consequence of their liability to be impaired in value by the destruction or removal of the timber thereon, are not an adequate security for the purchase price, or will not remain so during the time for which a credit has been given, and that in all cases said committee report the particular facts of the matters upon which they report
>
> And that the committee be authorized to send for persons and papers and take such other steps as they may deem necessary to carry on the investigation

The constant pressure for a short session, and the desire to get through, if possible, in three or four weeks, combined with the direction to the Committee to "report to the Senate at its present session," show sufficiently the animus of the Administration in pressing the above resolution since it must be evident to any reflecting mind that no thorough investigation can be made in the time limited

The Special Report—with the contract—of the Lunatic Asylum Commissioners has at length made its appearance. By an examination of the specifications it is found that there are to be 12 wings to the building, instead of 6, as before supposed viz, 6 longitudinal and 6 transverse wings This brings the specific items in the contract—for painting joiner work and extras—up to some $30 000 this being aside from all expenditures for stone brick lumber, iron excavation mason work, &c

The Senate had no session to day, there being no quorum present.

In Assembly, a communication from the Secy of State was read, in answer to resolutions of inquiry He states that the amount paid for platting lands in the 500 000 acre tract has been $560 96 and that the money ($925 00) paid on account of swamp lands, was in accordance with a former appropriation of $3000, made in '51, and not yet exhausted

The communication is entirely respectful in tone, thus being in happy contrast with several others lately received from the state officers, and showing that the Secretary has some respect for himself, as well as for the Legislative body making the enquiries

Several petitions were received for a prohibitory Liquor Law

The only resolution was one by Mr Virgin for a final adjournment on the 12th of March (Monday) Mr Vilas hoped that some other day would be fixed upon than Monday, giving the very good reason, that the practice of adjourning on that day entailed a great deal of work upon clerks and committees on the Sunday previous The resolution was tabled for the present on motion of its author, the House being very thin, only 47 answering to a call at the opening of the Session although 62 were present during the morning

Bills introduced

By Mr Downs regulating elections in counties organized in the odd years, so that they may be uniform with the others

By Mr Talvey, Relative to removal of certain records.

By Mr Judson, Relative to School Dist No 1, Kenosha

By Mr Virgin, For a state road

By Mr Rood, For a state road

By Mr Topliff concerning conveyances

By Mr McIndoe, Authorizing electors in towns 21 to 26, R 10 to vote as to what county they will be attached

By Mr McIndoe for division of Winnebago Co

By Mr Stevens, Relative to Joint Stock Companies

By Mr Gary Authorizing people of town of Oshkosh to vote in the city

Reports of Committees

Under this head, Mr Ebbets, from the Judiciary Committee, made a minority report on the case of Prof Daniels, taking the ground that the Governor had power to remove him, and generally opposing the majority report on the subject.

Mr McIndoe from the Railroad Committee made report in favor of the state granting the right of way through state lands to rail and plank road Companies

Bills passed

Charter of Hesperian Society of the University

Amending the act compiling the school laws (This bill makes it the duty of the Assessors to assess by school districts.)

Authorizing Manitowoc Co, to erect County Buildings.

Repealing ch. 84, of G Laws of '54

Amending charter of Appleton

Vacating part of plat of Fulton Centre

Charter of Kenosha Female Seminary

Vacating plat of Maitland Place, Milwaukee

Authorizing Sheboygan to borrow $20 000 for harbor purposes.

Eight appropriation bills —amounting to about $2700,00

A bill amending the mechanics' lien law, by giving them liens on 40 acres of land (or one acre in incorporated towns) in preference to other creditors whose accounts accrue after the work is commenced, was tabled and ordered printed

The bill appropriating $600 for a private secretary to Governor, and repealing the act of last winter, authorizing an officer at a salary of $1000 was laid on the table on motion of Mr Earnest

A bill "to give effect to Sec 2, Art. VIII, of the Constitution," (providing for preventing the payment of money from the Treasury except on direct appropriation and also repealing all laws authorizing the Sec'y of State to audit accounts for which appropriations are not made) elicited considerable debate

Mr Earnest thought it an extraordinary bill, and that it would annul a very necessary power of auditing bills, some body must audit the numerous small bills which accumulate between the sessions of the Legislature He thought the Secretary only audited the bills paid out of the Governor's Contingent fund

Mr. Van Nostrand said that the Contingent fund was appropriated to the Governor, who was responsible for its outlay This bill was intended to cut off all such constructive appropriations as the $600 00 drawn by the Governor, under a law intended to be repealed last winter

Mr Earnest was very earnest in insisting that no bills had been audited by the Secretary except for matters appropriated by law

Mr Ebbetts thought the bill a humbug, since the statutes and laws provid specifically for the duties of the Secretary

Mr Bennett shewed the error into which some had fallen, by directing attention to the Secretary's Report, which showed that he had audited bills to the amount of more than $50 000 He did not doubt that the Sec'y could show laws and vouchers for the whole amount, but the responsibility was too great to be cast upon any one man

Mr. Vilas was not prepared to say whether or not there existed any power by which an officer to audit accounts, could be appointed nor whether he would favor such a measure, but he saw how desirable it was that the same class of accounts should either all go to one of them or all go to the Legislature, there being room for both error and fraud

Mr Gary opposed the bill, on the ground that it was a kind of negative legislation It seemed to assume that without its passage the Treasurer had the right to pay, and the Secretary to audit bills for accounts for which money had not been appropriated He was not willing to admit this The officers had no power beyond that which is given them by law. If they have gone beyond their powers it was proper to hold them responsible, and not pass a law that they should not do wrong in future

After some further debate the vote was taken, and the bill lost on its passage, but it will probably be fished up again by a motion to reconsider.

In Committee of the whole, the Assembly made some progress in the general file, and adjourned at half past twelve

The train from Milwaukee is not yet in at 4 P M —doubtless owing to the heavy fall and drifting of snow Some 6 inches have fallen here and it has been raining part of the day

W H W.

Results.—The Rochester Union in announcing the election of Charles Durkee to the United States Senate from Wisconsin, says that he must be put in the basket containing the precious fruits of Douglas's Nebraska bill That basket is a big one but it is pretty well filled—By turning up its contents, you will find a whig United States Senator from Iowa another from Massachusetts, another from Connecticut, probably another from New York another from Illinois, and perhaps a couple from New Hampshire, besides whig governors legislatures members of congress and high state officials without number. And if you look right sharply, you will find in one corner of the basket a queer set of resolutions from the Michigan legislature instructing General Cass and his senatorial colleague to agitate for the repeal of the fugitive slave law and the Nebraska bill the last application of the principles of squatter sovereignty that we have seen! Of course, Gen Cass will not repudiate this practical exemplification of his favorite doctrines! A singular mess does this little basket contain"

Letter from Judge Jay.

The following letter from the venerable Judge Jay of New York the worthy son of the first Chief Justice of the U S Supreme Court will be read with interest Enclosed was a check for Fifty Dollars, a practical proof of his devotion to the principles of Freedom, and of his abhorrence of Human Slavery

New York, Feb 2d, 1855

Sir I learn from the papers that you have been tried convicted and sentenced, for resisting the execution of the Fugitive Slave Act. That law was in my opinion, conceived in sin It was a vile bid for Southern votes in the Presidential contest I cannot understand how any man who respects himself fears God and hopes for salvation can descend to the turpitude of catching slaves Our Fugitive Law is a horrible outrage on justice humanity and Christianity, an outrage committed by Native Americans calling themselves Republicans! I am not aware of any law of equal atrocity existing in Russia, or Austria or France

The wickedness of the Fugitive Law, and the countenance given to it by interested and unscrupulous "gentlemen of property and standing" emboldened the present Congress to perpetrate the Nebraska villainy The Jury who convicted you, did themselves great honor by the remarks accompanying their verdict They would have done themselves still more honor had they resolutely refused to enter the Jury box, telling the Judge on the bench that they would not be made instrumental in giving efficacy to an accursed law

Please to accept the enclosed check, as a contribution toward the payment of your fine May your conviction and sentence have a mighty influence in extending and deepening detestation of American despotism and of its Northern minions

Respectfully Yours,
William Jay

Frozen to Death on the Prairies.

From the Boonville Observer, February 3d

Distressing Calamity—Starvation from Cold —On Sunday night, the 30th ult —which our readers will remember to have been intensely cold, stormy, and disagreeable—two children and a black woman were frozen to death in the prairies about nine or ten miles south west of Georgetown From all we can learn the distressing circumstances are as follows

An emigrant by the name of Howard, who came to the State late in the season purchased a prairie improvement, the house of which was 'chinked' but not 'daubed' On Sunday the storm deposited such quantities of snow in the house as to put out the fire and he had no matches to re-light it He had two good feather beds but instead of placing his family between the same he thoughtlessly attempted with his entire household to reach a neighbor's house on foot The snow and wind were blowing in their faces so severely that two of his children were literally frozen to death in the prairie and his wife so badly frostbitten as to render her recovery doubtful—both arms and legs so much injured that they will have to be amputated should she recover The unhappy man Howard was paid dearly for his folly in not having managed better for the comfort of himself and family

From the St Louis News Feb 6

Distressing Affair—Three Persons Frozen—We learn from a source entitled to credit, that during the recent severe weather in Illinois, a mother and two children were frozen to death under the most distressing circumstances A man was moving between Chicago and Galena, with an ox team in which was his wife and two small children At night the storm came upon them with its snow, wind and cold They could not build a fire because the ground being covered with snow, there was no wood to be seen, and their distance from any habitation prevented them from reaching a hospitable shelter Before morning the wife was frozen stiff and, as a desperate expedient to save the lives of his children the man killed both of his oxen cut them open took out the viscera and placed his freezing children in the cavities. But their death was only delayed by this as they froze dead also The man, leaving the dead bodies of his wife and children on the lone prairie succeeded in reaching a house, where he was kindly cared for

Re-Election of Senator Seward.

From the Racine Advocate

Mr Seward's election is a great triumph of the people of New York, and is the more gratifying as it was won over the combined forces of the President's friends, Northern doughfaces the Rum interest, Silver Greys, and that tag-rag-and-bobtail of all parties—the Know Nothings

Mr Seward is an independent man, and has never hesitated to express his opinions on public questions, whether they were popular or not We regard him as the ablest American statesman now living, and as surely destined to fill the Presidential chair as any man can do a thing not already accomplished

Mr Seward's course in the Senate has won for him the respect of all honorable men While so many of the mis-representatives of the people have disgraced themselves and Congress by their drunken bravadoes and pugnacious encounters on the legislative floor Mr Seward has always met gentlemen with arguments and turned his back upon drunken bullies

☞ The following story is told in the London papers The French having remarked an unusual activity among the garrison of the Quarantine fort, were anxious to know the cause of it and for that purpose determined to get hold of some Russian sentinel at the outposts But that was no easy matter, the sentinel being usually on the alert, and taking good care to keep out of danger At last a Zouave offered to furnish the article in question That very night a watchful Muscovite heard a rustling among the bushes. He cried "who goes there?" but the only answer he received was a grunt Thinks he to himself "This is some fat pig that has deserted from the enemy Bless me, if I could only get hold of it, and smuggle it into the fort, so that our officers may not get hold of it!" With this view, he returns the grunt, the conversation becomes interesting to both parties and at last the worthy Russian sees the object of his desires approach He lays down his musket to seize it but oh! horror, the treacherous beast turns the tables upon him throws him down and gags him in no time then, with a low whistle, he calls five Zouaves to his aid, who carry off his victim to the French camp in triumph

Bank of Hornellsville.—We are informed on undoubted authority, that the statement published by us on Tuesday relative to the failure of Wm Kidder, Geneva is so far as the bank of Hornellsville is concerned, without the least foundation, that institution having always redeemed and still continuing to redeem its circulation at the Metropolitan Bank, New York, and have funds on hand sufficient to redeem its entire deposit account

Will our exchanges oblige by inserting the above—[Albany Register

Wm H Seward Re Elected —The Empire State has done herself credit in again sending Mr Seward to the United States Senate The North would have been false to herself and not to have kept him at Washington We are glad all minor questions were swallowed up in the one question of the day Have we a North? A Compliment to Thurlow Weed.

"Sentinel," in a letter to the New York Courier and Enquirer, pays the following compliment to Mr Weed of the Albany Journal —

* * * * * * "There was much more anxiety to know the votes of particular Senators and Members, than for the general result, as that was believed to be settled Of the votes from the Metropolis Gov Seward received a larger proportion in the House than was expected In the Senate he had no supporter from the city And so William H Seward received a moiety of the Senatorial trust of this great State, extending to 1861—and never did man owe more to another, than does Governor Seward to the man who has concentrated on this event his skill and strategy —the power of his Press, and the earnestness of a life-skilled sagacity"

Ship Building at Sheboygan —The Evergreen City Times of the 9th inst says that there are now three vessels on the stocks at that place, the schooner Mary, which is to be lengthened 26 feet, a new schooner for Messrs Wilson and Whittemore of Michigan City, and a first class schooner of 400 tons for Gardner & Co, of Chicago A fourth vessel is soon to be commenced

General Scott—The Crimea.

It will scarcely be thought presumption, in this country at least, to say that such a commander as Winfield Scott ought to have directed the Allied campaign in the Crimea to render its success sure Lord Fitzroy Somerset, (now Lord Raglan,) though the protege of Wellington, and long a member of his Staff—with the experience of the bloody field of Waterloo to aid him—bears no comparison in point of practical Generalship to the Hero of Vera Cruz and Mexico, He may not be responsible for all the sufferings of the campaign, nor justly amenable for the failure thus far of the siege We deem it more than probable that the savage attacks upon his administration of the army in the London Times are in a measure, now warranted by the facts of the case But it is abundantly evident that he is not a Wellington in energy, nor a Scott in the general conduct of an important and almost vital campaign "It has occurred to me" writes an intelligent correspondent of the Savannah Republican now on the Continent of Europe, that Scott would have projected the expedition against Sebastopol at the outset The instant he did so he would have made a requisition for reinforcements to the number of 30,000 or 40 000 men, provided that like Lord Raglan he had less than 20,000 to attack the enemy in his fastness. He would have insisted that these troops should begin to appear immediately after landing in the Crimea —not only to supply actual losses but to increase his effective strength" The same writer continues

"He would never have attacked the position on the Alma in front without first sending a column by a wide detour to turn the Russian right flank and it is probable that he would have turned the whole position, knowing full well that he would have chances enough of meeting the enemy on more equal terms Tactics—by which is meant manoeuvres in presence of the enemy—were not so much called into requisition here as strategy by which is meant those movements which take place out of view of the enemy On arriving before Sebastopol he would have devoted some days to incessant reconnoissances and investigations Having fixed on Balaklava as his great Depot, he would at all hazards have maintained command of the Woronzoff road, and had there been the least risk of being cut off from it as the English were on the 25th of October, he would have begun at once in anticipation of the wet season to construct a macadamized road along the almost impassable route now used, or some other For this object he would have employed under an efficient officer, Turks, Tartars, soldiers—every one available at whatever price, knowing how indispensable such a thoroughfare would be for the reception of guns, munitions of war, provisions hospital stores, fuel, huts, every-thing"

Such was substantially the line of policy, on a different but not less difficult theatre, adopted by General Scott in the memorable campaign from Vera Cruz to the gates of Mexico, conducted with only 8 000 effective troops all told, and turning or conquering every fortified point that impeded his way, from the National Bridge to the King's Mill His administrative talents in the camp shone, if possible, above his masterly generalship in the field, and the world has yet to measure—by contrast it may be with the conduct of the present war in Europe—the prodigies of the success as well as valor which he accomplished with a force so inconsiderable as to amount to less than one-sixth the Allied Army in the Crimea and in an enemy's country densely populated and protected by a line of well selected defences rendered almost impregnable by nature of nearly two hundred miles —[N Y Times Feb. 6

The Greatest Anti-Slavery Triumph Yet!

WM H SEWARD RE ELECTED !!

Wm H Seward was re-elected on the 6th inst at Albany to the office of United States Senator from New York, for six years, from the 4th of March next

He is the ablest man in the State, the Senate or the Nation, and in our humble opinion stands head and shoulders above any other man in the north, for election to the high and responsible office of President of the United States at the next Presidential election He has been elected again at the combined and united pro-slavery forces of New York, by a majority of 4 in the Senate, and 10 in the House

We have raised his colors to our editorial flag staff, and we expect and intend to carry them in triumph to victory —Dubuque Tribune, Feb 8

Mr. Seward's Election in Washington.

Correspondence of the New York Tribune

Washington, Feb 6

Senator Seward's house is crowded this evening with his friends among the Senators and Representatives and other strangers The whole scene is most gratifying A number of Southern Congressmen are present

Correspondence of the New York Times

The re-election of William H Seward to the U S Senate is hailed with great joy here by Whigs, on principle and Democrats, because of his triumph over the Know-Nothings, whom he had defied There is a great gathering of his friends at his house to night A brass band is serenading him, and eighty six guns are to be fired

Correspondence of the N Y Evening Post.

Washington, Feb 6

The news of Seward's re-election quite electrified his friends with joy, and was not so unwelcome to the Democrats as it would have been, if it were not a victory over the forlorn faction of Dickinson Fillmore and the Know Nothings—When the intelligence reached the successful candidate, he was sitting in his chair in the Senate as if nothing unusual had happened and, while he was undergoing congratulations of his brother senators the only demonstration he made was to take an extra pinch of snuff and turn his sandy close shaven head round in his high starched collar and give a phlegmatic nod, as if to say "it is all right, just as I expected, I am used to such things"

St Louis Mail at last —The first mail through from St. Louis to this city for three weeks, arrived at a late hour Saturday evening, but was not distributed in time for us to glean anything from it for this number of our paper It took five sleigh loads from the depot to the post office May the like never occur again.—[Chicago Dem Press, Feb. 11.

NATIONAL LOAN FUND

LIFE ASSURANCE SOCIETY,

LONDON.

CAPITAL, - - - $2,500,000.

Guarantee Fund $100 000, Deposited with the Comptroller of the State of New York

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues those important institutions has claims which no other system of Insurance can have Human existence must on consideration, enjoy a much higher estimate than worldly property.

While the representative of a family lives, (although, through neglect to insure his property, he becomes bankrupt,) he supports his family, but at his death, dissolves their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly means or comforts during life

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the premium is not increased

Clergymen and others who have a stated and regular income, should insure, well knowing that, at their death their families may be left destitute,

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, should insure

The farmer who has still a mortgage on his farm, should insure, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death

All that have property to insure, will please inspect and scrutinize the preceding reliable exposé of this old and long tried Corporation For usefulness, security and promptitude, it has ever stood first in its line of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it The statement is so prepared any one can contrast its condition with local and State Insurance offices, also disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets.

The increase of its capital stock to $500,000, is a bona fide investment for the pledge and security of its policies.

The necessity and real benefits of Insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinnati, to the sum of $246,509 08, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation If all or any of these facts are inducements to the continuance of its valuable patronage, or its increase, they will find its agents ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

MADISON, Feb 12th 1855

I find in the Senate Journal the resolution offered by Mr Eldredge, and adopted Here it is:

Whereas sundry persons and newspapers are charging upon the commissioners of the school and university lands corruption and malfeasance in office, and whereas it is due to the officers themselves as well as to the people, that investigation should be had to ascertain whether there is in fact any foundation for such charges,

Therefore, in order that a personal examination of their office may be made, as the best mode of arriving at the facts, and that an impartial report may be had of their acts as such commissioners,

Resolved, That senators Bashford, Harvey and Hadley be and they are hereby appointed a committee to make such examination and report to the senate at its present session as fully as practicable, the results thereof, and particularly as to the manner in which said officers have conducted the business of selling school and university lands and investing the proceeds of such sales,

And whether the commissioners have sold any pine lands or timbered lands of any description or any other lands without requiring any part, or a sufficient part of the principal to be paid at the time of the purchase, and which lands, in consequence of their liability to be impaired in value by the destruction or removal of the timber thereon, are not an adequate security for the purchase price, or will not remain so during the time for which a credit has been given, and that in all cases said committee report the particular facts of the matters upon which they report

And that the committee be authorized to send for persons and papers and take such other steps as they may deem necessary to carry on the investigation

The constant pressure for a short session, and the desire to get through, if possible, in three or four weeks, combined with the direction to the Committee to "report to the Senate at its present session," show sufficiently the animus of the Administration in pressing the above resolution since it must be evident to any reflecting mind that no thorough investigation can be made in the time limited

The Special Report—with the contract—of the Lunatic Asylum Commissioners has at length made its appearance. By an examination of the specifications it is found that there are to be 12 wings to the building, instead of 6, as before supposed viz, 6 longitudinal and 6 transverse wings This brings the specific items in the contract—for painting, joiner work and extras—up to some $30 000 this being aside from all expenditures for stone brick lumber, iron excavation mason work, &c

The Senate had no session to day, there being no quorum present.

In Assembly, a communication from the Secy of State was read, in answer to resolutions of inquiry He states that the amount paid for platting lands in the 500 000 acre tract has been $560 90 and that the money ($925 00) paid on account of swamp lands, was in accordance with a former appropriation of $1000, made in '51, and not yet exhausted

The communication is entirely respectful in tone, thus being in happy contrast with several others lately received from the state officers, and showing that the Secretary has some respect for himself, as well as for the Legislative body making the enquiries

Several petitions were received for a prohibitory Liquor Law

The only resolution was one by Mr Virgin for a final adjournment on the 12th of March (Monday) Mr Vilas hoped that some other day would be fixed upon than Monday, giving the very good reason, that the practice of adjourning on that day entailed a great deal of work upon clerks and committees on the Sunday previous The resolution was tabled for the present on motion of its author, the House being very thin, only 47 answering to a call at the opening of the Session although 62 were present during the morning

Bills introduced

By Mr Downs regulating elections in counties organized in the odd years, so that they may be uniform with the others

By Mr Lalvey, Relative to removal of certain records.

By Mr Judson, Relative to School Dist No 1, Kenosha

By Mr Virgin, For a state road

By Mr Rood, For a state road

By Mr Tophiff concerning conveyances

By Mr McIndoe, Authorizing electors in towns 21 to 26, R 10 to vote as to what county they will be attached

By Mr McIndoe for division of Winnebago Co

By Mr Stevens, Relative to Joint Stock Companies

By Mr Gary Authorizing people of town of Oshkosh to vote in the city

Reports of Committees

Under this head, Mr Ebbets, from the Judiciary Committee, made a minority report on the case of Prof. Daniels, taking the ground that the Governor had power to remove him, and generally opposing the majority report on the subject.

Mr McIndoe from the Railroad Committee made report in favor of the state granting the right of way through state lands to rail and plank road Companies

Bills passed

Charter of Hesperian Society of the University

Amending the act compiling the school laws (This bill makes it the duty of the Assessors to assess by school districts.)

Authorizing Manitowoc Co, to erect County Buildings.

Repealing ch. 84, of G Laws of '54

Amending charter of Appleton

Vacating part of plat of Fulton Centre

Charter of Kenosha Female Seminary

Vacating plat of Maitland Place, Milwaukee

Authorizing Sheboygan to borrow $20 000 for harbor purposes.

Eight appropriation bills—amounting to about $2700,00

A bill amending the mechanics' lien law, by giving them liens on 40 acres of land (or one acre in incorporated towns) in preference to other creditors whose accounts accrue after the work is commenced, was tabled and ordered printed

The bill appropriating $600 for a private secy to Governor, and repealing the act of last winter, authorizing an officer at a salary of $1000 was laid on the table on motion of Mr Earnest

A bill "to give effect to Sec 2, Art VIII, of the Constitution," (providing for preventing the payment of money from the Treasury except on direct appropriation and also repealing all laws authorizing the Sec'y of State to audit accounts for which appropriations are not made) elicited considerable debate

Mr Earnest thought it an extraordinary bill, and that it would annul a very necessary power of auditing bills, as somebody must audit the numerous small bills which accumulate between the sessions of the Legislature He thought the Secretary only audited the bills paid out of the Governor's Contingent fund

Mr. Van Nostrand said that the Contingent fund was appropriated to the Governor, who was responsible for its outlay This bill was intended to cut off all such constructive appropriations as the $600 00 drawn by the Governor, under a law intended to be repealed last winter

Mr Earnest was very earnest in insisting that no bills had been audited by the Secretary except for matters appropriated by law

Mr Ebbetts thought the bill a humbug, since the statutes and laws provide specifically for the duties of the Secretary

Mr Bennett showed the error into which some had fallen, by directing attention to the Secretary's Report, which showed that he had audited bills to the amount of more than $50 000 He did not doubt that the Sec'y could show laws and vouchers for the whole amount, but the responsibility was too great to be cast upon any one man

Mr. Vilas was not prepared to say whether or not there existed any power by which an officer to audit accounts, could be appointed nor whether he would favor such a measure, but he saw how desirable it was that the same class of accounts should either all go to one officer or all go to the Legislature, there being room for both error and fraud

Mr Gary opposed the bill, on the ground that it was a kind of negative legislation It seemed to assume that without its passage the Treasurer had the right to pay, and the Secretary to audit bills for accounts for which money had not been appropriated He was not willing to admit this The officers had no power beyond that which is given them by law. If they have gone beyond their powers it was proper to hold them responsible, and not pass a law that they should not do wrong in future

After some further debate the vote was taken, and the bill lost on its passage, but it will probably be hashed up again by a motion to reconsider.

In Committee of the whole, the Assembly made some progress in the general file, and adjourned at half past twelve

The train from Milwaukee is not yet in at 4 P M—doubtless owing to the heavy fall and drifting of snow Some 6 inches have fallen here and it has been raining part of the day

REBUTS.—The Rochester Union in announcing the election of CHARLES DURKEE to the United States Senate from Wisconsin, says that he must be put in the basket containing the precious fruits of Douglas's Nebraska bill That basket is a big one but it is pretty well filled—By turning up its contents, you will find a whig United States Senator from Iowa another from Massachusetts, another from Connecticut, probably another from New York another from Illinois, and perhaps a couple from New Hampshire, besides whig governors legislatures members of congress and high state officials without number. And if you look right sharply, you will find in one corner of the basket a queer set of resolutions from the Michigan legislature instructing General Cass and his senatorial colleague to agitate for the repeal of the fugitive slave law and the Nebraska bill the last application of the principles of squatter sovereignty that we have seen! Of course, Gen Cass will not repudiate this practical explication of his favorite doctrine! A mingling mess does this little basket contain"

Letter from Judge Jay.

The following letter from the venerable Judge Jay of New York the worthy son of the first Chief Justice of the U S Supreme Court will be read with interest Enclosed was a check for Fifty Dollars, a practical proof of his devotion to the principles of Freedom, and of his abhorrence of Human Slavery

New York, Feb 2d, 1855

SIR I learn from the papers that you have been tried convicted and sentenced, for resisting the execution of the Fugitive Slave Act. That law was in my opinion, conceived in sin It was a vile bid for Southern votes in the Presidential contest I cannot understand how any man who respects himself fears God and hopes for salvation can descend to the turpitude of catching slaves Our Fugitive Law is a horrible outrage on justice humanity and christianity, an outrage committed by Native Americans calling themselves Republicans! I am not aware of any law of equal atrocity existing in Russia, or Austria or France

The wickedness of the Fugitive Law, and the countenance given to it by interested and unscrupulous "gentlemen of property and standing" emboldened the present Congress to perpetrate the Nebraska villainy The Jury who convicted you, did themselves great honor by the remarks accompanying their verdict They would have done themselves still more honor had they resolutely refused to enter the Jury box, telling the Judge on the bench that they would not be made instrumental in giving efficacy to an accursed law

I beg to accept the enclosed check, as a contribution toward the payment of your fine May your conviction and sentence have a mighty influence in extending and deepening detestation of American despotism and of its Northern minions

Respectfully Yours,

WILLIAM JAY

Frozen to Death on the Prairies.

From the Boonville Observer, February 1d

DISTRESSING CALAMITY—STARVATION FROM COLD—On Sunday night, the 30th ult—which our readers will remember to have been intensely cold, stormy, and disagreeable—two children and a black woman were frozen to death in the prairies about nine or ten miles south west of Georgetown From all we can learn the distressing circumstances are as follows

An emigrant by the name of Howard, who came to the State late in the season purchased a prairie improvement, the house of which was 'chinked' but not 'daubed' On Sunday the storm deposited such quantities of snow in the house as to put out the fire and he had no matches to re-light it He had two good feather beds but instead of placing his family between the same he throughlessly attempted with his entire household to reach a neighbor's house on foot The snow and wind were blowing in their faces so severely that two of his children were literally frozen to death in the prairie and his wife so badly frostbitten as to render her recovery doubtful—both arms and legs so much injured that they will have to be amputated should she recover The unhappy man Howard was paid dearly for his folly in not having managed better for the comfort of himself and family

From the St Louis News Feb 6

DISTRESSING AFFAIR—Three Persons Frozen—We learn from a source entitled to credit, that during the recent severe weather in Illinois, a mother and two children were frozen to death under the most distressing circumstances A man was moving between Chicago and Galena, with an ox team in which was his wife and two small children At night the storm came upon them with its snow, wind and cold They could not build a fire because the ground being covered with snow, there was no wood to be seen, and their distance from any habitation prevented them from reaching a hospitable shelter Before morning the wife was frozen stiff and, as a desperate expedient to save the lives of his children the man killed both of his oxen cut them open took out the viscera and placed his freezing children in the cavities But their death was only delayed by this as they froze dead also The man, leaving the dead bodies of his wife and children on the lone prairie succeeded in reaching a house, where he was kindly cared for

Re-Election of Senator Seward.

From the Racine Advocate

Mr Seward's election is a great triumph of the people of new York, and is the more gratifying as it was won over the combined forces of the President's friends, Northern doughfaces the Rum interest, Silver Greys, and that tag-rag-and-bobtail of all parties—the Know Nothings

Mr Seward is an independent man, and has never hesitated to express his opinions on public questions, whether they were popular or not We regard him as the ablest American statesman now living, and as surely destined to fill the Presidential chair as any man can do a thing not already accomplished

Mr Seward's course in the Senate has won for him the respect of all honorable men While so many of the mis-representatives of the people have disgraced themselves and Congress by their drunken brawls and pugnacious encounters on the legislative floor Mr Seward has always met gentlemen with arguments and turned his back upon drunken bullies

---

The following story is told in the London papers The French having remarked an unusual activity among the garrison of the Quarantine fort, were anxious to know the cause of it and for that purpose determined to get hold of some Russian sentinel at the outposts But that was no easy matter, the sentinel being usually on the alert, and taking good care to keep out of danger At last a Zouave offered to furnish the article in question That very night a watchful Muscovite heard a rustling among the bushes. He cried 'who goes there?' but the only answer he received was grunt Thinks he to himself "This is some fat pig that has deserted from the enemy Bless me, if I could only get hold of it, and smuggle it into the fort, so that our officers may not get hold of it" With this view, he returns the grunt, the conversation becomes interesting to both parties and at last the worthy Russian sees the object of his desire approach He lays down his musket to seize it but oh! horror, the treacherous beast turns the tables upon him throws him down and gags him in no time then, with a low whistle, he calls five Zouaves to his aid, who carry off his victim to the French camp in triumph

BANK OF HORNELLSVILLE.—We are informed on undoubted authority, that the statement published by us on Tuesday relative to the failure of Wm Kidder, Geneva is so far as the bank of Hornellsville is concerned, without the least foundation, that institution having always redeemed and still continuing to redeem its circulation at the Metropolitan Bank, New York, and have funds on hand sufficient to redeem its entire deposite account

A Compliment to Thurlow Weed.

"Sentinel," in a letter to the New York Courier and Enquirer, pays the following compliment to Mr WEED of the Albany Journal—

* * * * * * * 'There was much more anxiety to know the votes of particular Senators and Members, than for the general result, as that was believed to be settled Of the votes from the Metropolis Gov Seward received a larger proportion in the House than was expected In the Senate he had no supporter from the city And so William H Seward received a moiety of the Senatorial trust of this great State, extending to 1861—and never did man owe more to another, than does Governor Seward to the man who has concentrated on this event his skill and strategy—the power of his Press, and the earnestness of a lifeskilled sagacity

SHIP BUILDING AT SHEBOYGAN—The Evergreen City Times of the 9th inst says that there are now three vessels on the stocks at that place, the schooner Mary, which is to be lengthened 26 feet, a new schooner for Messrs. Wilson and Whittemore of Michigan City, and a first class schooner of 400 tons for Gardner & Co, of Chicago A fourth vessel is soon to be commenced

General Scott—The Crimea.

It will scarcely be thought presumption, in this country at least, to say that such a commander as WINFIELD SCOTT ought to have directed the Allied campaign in the Crimea to render its success sure Lord FITZROY SOMMERSET, (now Lord RAGLAN,) though the protege of WELLINGTON, and long a member of his Staff—with the experience of the bloody field of Waterloo to aid him—bears no comparison in point of practical Generalship to the Hero of Vera Cruz and Mexico. He may not be responsible for all the sufferings of the campaign, nor justly amenable for the failure thus far of the siege We deem it more than probable that the savage attacks upon his administration of the army in the London Times are in a measure, now unwarranted by the facts of the case Put it is abundantly evident that he is not a WELLINGTON in energy, nor a SCOTT in the general conduct of an important and almost vital campaign It has occurred to me" writes an intelligent correspondent of the Savannah Republican now on the Continent of Europe, that SCOTT would have projected the expedition against Sebastopol at the outset The instant he did so he would have made a requisition for reinforcements to the number of 30,000 or 40 000 men, provided that like Lord RAGLAN he had less than 20,000 to attack the enemy on his last ones. He would have insisted that these troops should begin to appear immediately after landing in the Crimea—not only to supply actual losses but to increase his effective strength" The same writer continues

'He would never have attacked the position on the Alma in front without first sending a column by a wide detour to turn the Russian right flank and it is probable that he would have turned the whole position, knowing full well that he would have chances enough of meeting the enemy on more equal terms Tactics—by which is meant manœuvres in presence of the enemy—were not so much called into requisition here as strategy by which is meant those movements which take place out of view of the enemy On arriving before Sebastopol he would have devoted some days to incessant reconnaissances and investigations Having fixed on Balaklava as his great Depot, he would at all hazards have maintained command of the Woronzoff road, and had there been the least risk of being cut off from it as the English were on the 25th of October, he would have begun at once in anticipation of the wet season to construct a macadamised road along the almost impassable route now used, or some other For this object he would have employed under an efficient officer, Turks, Tartars, soldiers—every one available at whatever price, knowing how indispensable such a thoroughfare would be for the reception of guns, munitions of war, provisions hospital stores, fuel, huts, everything"

"Such was substantially the line of policy, on a different but not less difficult theatre, adopted by General Scott in the memorable campaign from Vera Cruz to the gates of Mexico, conducted with only 8 000 effective troops all told, and turning or conquering every fortified point that impeded his way, from the National Bridge to the King's Mill His administrative talents in the camp shone, if possible, above his masterly generalship in the field, and the world has yet to measure—by contrast it may be with the conduct of the present war in Europe—the prodigies of the success as well as valor which he accomplished with a force so inconsiderable as to amount to less than one-sixth the Allied Army in the Crimea and in an enemy's country densely populated and protected by a host of well selected defences rendered almost impregnable by nature of nearly two hundred miles—[N Y Times Feb. 6

The Greatest Anti-Slavery Triumph Yet!

WM H SEWARD RE ELECTED!!

Wm H Seward was re-elected on the 6th inst at Albany to the office of United States Senator from New York, for six years, from the 4th of March next

He is the ablest man in the State, the Senate of the Nation, and in our humble opinion stands head and shoulders above any other man in the north, for election to the high and responsible office of President of the United States at the next Presidential election He has been elected against the combined and united pro-slavery forces of New York, by a majority of 1 in the Senate, and 10 in the House

We have nailed his colors to our editorial flag staff, and we expect and intend to carry them in triumph to victory—Dubuque Tribune, Feb 8

Mr. Seward's Election in Washington.

Correspondence of the New York Tribune

Washington, Feb 6

Senator Seward's house is crowded this evening with his friends among the Senators and Representatives and other strangers The whole scene is most gratifying A number of Southern Congressmen are present

Correspondence of the New York Times

The re-election of William H Seward to the U S Senate is hailed with great joy here by Whigs, on principle and Democrats, because of his triumph over the Know-Nothings, whom he had defied There is a great gathering of his friends at his house to night A brass band is serenading him, and eighty six guns are to be fired

Correspondence of the N Y Evening Post.

Washington, Feb 6

The news of Seward's re-election quite electrified his friends with joy, and was not so unwelcome to the Democrats as it would have been, if it were not a victory over the forlorn faction of Dickinson Fillmore and the Know Nothings—When the intelligence reached this successful candidate, he was sitting in his chair in the Senate as if nothing unusual had happened and, while he was undergoing congratulations of his brother senators the only demonstration he made was to take an extra pinch of snuff and turn his sandy close shaven head round in his high straight collar and give a phlegmatic nod, as if to say 'it is all right, just as I expected, I am used to such things."

NATIONAL LOAN FUND

LIFE ASSURANCE SOCIETY,

LONDON.

CAPITAL, - - - $2,500,000.

Guarantee Fund $100 000, Deposited with the Comptroller of the State of New York

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, whilst it in no way interferes with, or undervalues these important institutions has claims which no other system of insurance can have Human existence must on consideration, enjoy a much higher estimation than worldly property.

While the representative of a family lives, (although, through neglect to insure his property, he become bankrupt,) he supports his family, but at his death, diesalso their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly means or tadduring life

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the premium is not increased

Clergymen and others who have a stated and regular income, should insure, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, should insure

The farmer who has still a mortgage on his farm, should insure, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death

SELLING OFF AT COST,

BUT

UNDER COST!!

THE PROPRIETORS OF THE FAR FAMED

NEW YORK CHEAP CASH STORE

No. 194 West Water Street,

WILL SELL

DRY GOODS

The ensuing Three Weeks CHEAPER than they have ever been sold before, as the Store will POSITIVELY BE CLOSED on or before the 1st of March, and we are desirous of disposing of our ENTIRE STOCK, previous to removing to our

NEW STORE,

No. 181 East Water Street,

We therefore offer the balance of our remaining stock on hand, at

25 per cent. Less than Cost,

And even at LESS to insure a rapid sale within the time specified

We have no "brothers who are always in the Eastern Markets," buying and selling ready made clothing, but we buy our goods direct from Manufacturers, Importers or Jobbers, without paying a second profit, and being entirely independent in our own means and resources, our Establishment being designed for the public benefit, it has under our management attained that position and popularity which is unknown to any other public or private establishment. And we assure our customers that we are entirely willing to give them the full benefit of our selling at even 25 per cent less than cost, in order so remove to our New Store, built expressly by us for the accommodation of our increasing trade; and with the unfailing resources of our concern, and our strict attention to business, we are enabled to sell goods

At Least 30 per Cent Less

than the prices asked at other Stores.

THIS ESTABLISHMENT KNOWS NO OPPOSITION, ADMITS NO RIVAL but can, will and does outsell and undersell any establishment, Wholesale or Retail, West of New York!

This is strong language, but it is a happy fact that we can support it with an abundance of proof, which if you avail yourself of this opportunity, we shall be most happy to demonstrate to you

The amount insured in any city, town or village, depends on the character, material and construction of buildings, the width of streets, the supply of water, condition of the fire department, and other circumstances.

The amount insured in blocks of buildings varies, the design is to limit the loss by any one fire, to $10,000 or less.

Personally appeared THOMAS A ALEXANDER, Secretary of the Ætna Insurance Company, and made oath that the foregoing statement, by him subscribed, is true according to his best knowledge and belief

HENRY FOWLER, Justice of the Peace

All that have property to Insure, will please inspect and scrutinize the preceding reliable expose of this old and long tried Corporation For usefulness, security and promptitude, it has ever stood first in its line of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it The statement is so prepared any one can contrast its condition with local and State Insurance offices, if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets.

The increase of its capital stock to $500,000 lias, bona fide investment for the pledge and security of its policies.

The necessity and real benefits of insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinnati, to the sum of $246,509 98, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation If all or any of these facts are inducements to the continuance of its valuable patronage, or its increase, they will find its agents ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public, that he has opened, on
Spring Street, Opposite the American House,
A NEW
PIANO FORTE WARE-ROOM!
Where he will keep on hand a good assortment of the celebrated
AMERICAN ACTION PIANO FORTES,
Manufactured by GEORGE HEWS, of Boston, Mass
The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:
From the illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York:
New York, Dec 5, 1853.
MR. J CURTISS:—
Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.
Very Respectfully, L M GOTTSCHALK
From the distinguished Pianist, WILLIAM MASON
MR HEWS —Having repeatedly played upon the Piano Forte manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte
WILLIAM MASON
Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect
☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed

The Know Nothing's assembled in force at the Tabernacle, for the purpose of reproaching the conduct of Mr C C Leigh, and the 30 archtraitors associated with him in the Legislature—in the Senatorial matter. Denunciatory speeches were made, including in their scope, Senator Seward and Arch-Bishop Hughes.

The steamship *Prometheus* arrived at this port with California dates to 24th January. The steamer *Northern Light* left San Juan on the 6th, for New York, with 200 passengers and $600 000 in specie.

Twenty-two ballots had been taken for U. S Senator, without any choice being made. The markets were very dull, with a declining tendency

It is said that the quantity of foreign dry goods in first hands in the city is so restricted that demand will probably exceed the supply.

THE THAW—THE STREETS AND SIDE-WALKS.—The thaw continued all day yesterday, the snow wasting rapidly under the moist and mild atmosphere. The streets are "hard roads to travel" and the sidewalks, where the snow has not been cleared away, are ankle deep in slush. They should be thoroughly cleared of all snow and ice, this morning; and we renew the suggestion we made some days since, that the city authorities employ men to carry off the surplus snow in the streets and dump it on the river. Otherwise, whenever it melts, it will flood the cellars and side-walks.

NOT SO VERY GREEN.—A young and apparently verdant slip who gave his baiting place as "old Varmount," found himself surrounded, upon a certain occasion, by a crowd of quizzing upstarts, who seemed bent upon displaying their own smartness at the expense of the yankee

"Hello, Jonathan!" says one, "where are you bound?"

"Doown to Bosting, on a little tramp," was the reply.

"What's your business in Boston!" continued the inquisitive gentleman

"Oh, I'm deoun arter my pension money," responded the greeny

"Pension money!" ejected whiskers—"how much do you get, and what are you drawing pension money for?"

"Oh!" answered the countryman, 'I get four cents every year—tew mind my own own business and tew let other folks' busuess alone!"

The crowd had no more remarks to offer—The answer was entirely satisfactory.

ANOTHER INSURANCE CO. FAILED—The United States Insurance Company of West Potsdam has failed. A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr C has restored many of the afflicted to perfect health, as an evidence of which he has innumerable certificates. Speaking of the treatment a physician remarks—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied obstacles produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—*New York Dutchman, Jan 14th*

I HAVE SEVERAL HOUSES IN THE FIRST Ward for sale on good terms, and I would advise those who wish to purchase a house to do so the first opening up, for property must and will be 50 per cent higher. I state these facts that any who have not yet obtained themselves a home, better do so at once, and if they will not take my advice, they must abide the consequences.
I have also a large number of choice lots in the First Ward, which will be sold at fair prices and on easy terms. My Office, at present, is on Wisconsin st.

USE THE
Magic Impression Paper!
For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen indelibly, and
MANIFOLD WRITING.
THIS ARTICLE IS ABSOLUTELY THE BEST PORTABLE Inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a traveling Inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex, and indeed, a more tasteful present for a lady could not be produced
This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others
Each package contains four different colors—Black, Blue, Green and Red, with full and printed Instructions, for all to use, and will last sufficiently long to obtain five Hundred distinct impressions
It is put up in beautifully enameled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted
PRICE—$2 a Dozen, or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,

SPECIAL NOTICES.

HOLLOWAY'S OINTMENT AND PILLS, *certain Remedies for Bad Legs, Sores and Ulcers.*—Henry Reed, of Brooklyn, N Y, was afflicted for nearly eight years with a very bad leg. It was covered with sores of a most malignant character, and terribly swollen. He had consulted a number of medical men, who were unanimous in their opinion that amputation of the limb was the only thing likely to save him, and even then his recovery was dubious, as his health was so much shattered. The loss of a limb to a man at this period of life was too great a sacrifice, and he refused to submit to the operation. He used Holloway's Ointment and Pills for nine weeks, and the leg is sound!

People of America!
Thousands of you have suffered for long years with Rheumatic Pains, Ulcerous Sores, Swelled Legs, Piles and many other complaints, that all the remedies you have tried have failed to cure, and your physicians have pronounced incurable—*you need suffer no longer*
A remedy is discovered and placed within the reach of all, that will cure all these complaints and make you young again. Dance with joy, for you shall be healed. This great remedy is the
Mexican Mustang Liniment!
Important and extraordinary cures are daily reported to us as having been performed by the use of this Liniment, and none who use it are disappointed in its effects

PIANO FORTE WARE-ROOM!
Where he will keep on hand a good assortment of the celebrated
AMERICAN ACTION PIANO FORTES,
Manufactured by GEORGE HEWS, of Boston, Mass
The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:
From the illustrious Pianist, L. M. GOTTSCHALK, to Mr HEWS, Agent at New York:
NEW YORK, Dec 6, 1853.
MR. J CURTISS:—
Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.
Very Respectfully, L M GOTTSCHALK
From the distinguished Pianist, WILLIAM MASON
Mr. HEWS —Having repeatedly played upon the Piano Forte manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte
WILLIAM MASON
Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect

It is said that the quantity of foreign dry goods in first hands in the city is so restricted that demand will probably exceed the supply.

THE THAW—THE STREETS AND SIDE-WALKS.—The thaw continued all day yesterday, the snow wasting rapidly under the moist and mild atmosphere The streets are "hard roads to travel" and the sidewalks, where the snow has not been cleared away, are ankle deep in slush. They should be thoroughly cleared of all snow and ice, this morning; and we renew the suggestion we made some days since, that the city authorities employ men to carry off the surplus snow in the streets and dump it on the river Otherwise, whenever it melts, it will flood the cellars and side-walks.

NOT SO VERY GREEN.—A young and apparently verdant slip who gave his batting place as "old Varmount," found himself surrounded, upon a certain occasion, by a crowd of quizzing upstarts, who seemed bent upon displaying their own smartness at the expense of the yankee

"Hello, Jonathan!" says one, "where are you bound?"

"Deoun to Bostung, on a little tramp," was the reply.

"What's your business in Boston?" continued the inquisitive gentleman

"Oh, I'm deoun arter my pension money," responded the greeny

"Pension money!" ejected whiskeree—"how much do you get, and what are you drawing pension money for?"

"Oh!" answered the countryman, "I get four cents every year—tew mind my own own business and tew let other folks' business alone"

The crowd had no more remarks to offer—The answer was entirely satisfactory.

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs We refer to "Dr Curtis' Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr C has restored many afflicted ones to perfect health, as an evidence of which he has innumerable certificates Speaking of the treatment a physician remarks —It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion The Hygeana is for sale at all the druggists throughout the country —New York Dutchman, Jan 14th

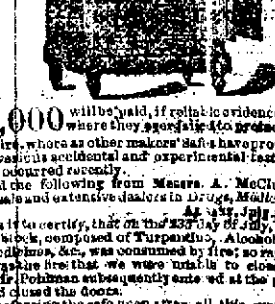
Fire King Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, whereas other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire block, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe upon after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.
A. McCLURE & CO.
ALBANY, Dec. 16, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. Mcll. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched. [illegible] CLAASSEN, Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of F. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

Raymond, Ward Co. will receive orders for [illegible] Fire and Thief Proof Bank and Vault Doors. [illegible]

This is to certify that on the 25th of September last we purchased of C. D. Rice, Esq., one of Mr. J. Mcll. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes, letters and receipts, perfect and entirely legible.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before stiffened—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and tumors [illegible], it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

are generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthermost. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper [illegible]
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.

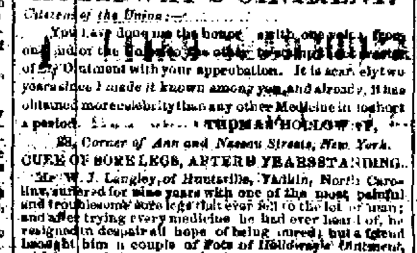
A CURE FOR ALL!!



HOLLOWAY'S OINTMENT.

Citizens of the Union:—

You have done me the honor [illegible] and [illegible] of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already it has obtained more celebrity than any other Medicine in so short a period. [illegible] THOMAS HOLLOWAY,
80, Corner of Ann and Nassau Streets, New York.

CURE OF SORE LEGS, AFTER 8 YEARS STANDING.

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor Holloway as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, which in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.
Nov. 9th, 1853, (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Contracted and Stiff Joints	Lumbago	Sore-throat
Bad Breasts	Fistulas	Piles	Skin-diseases

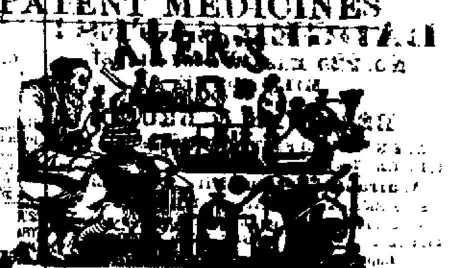
PATENT MEDICINES.



CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S.C., Aug. 4, '53.

Dr. J. C. AYER: Dear Sir—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your Cherry Pectoral, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the evening, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1854.

Dr. J. C. AYER—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the hoarseness they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers. [illegible]

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1852.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my conviction when I tell you it is a priceless remedy.
Yours very respectfully,
D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 12, 1850.

DR. J. C. AYER—My dear sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the Medical profession. [illegible] certificates in hands of Agents.

The Inhaler is worn on the breast, under the linen, without the least inconvenience; the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—TRY IT. [illegible]

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person enclosing $3 to Boyd & Paul, or Curtis & Perkins, New York, shall receive a package containing 1 bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. [illegible]

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR.

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the Lung Institution of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland, as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise; but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested, that he has first manufactured, for the use of his patrons, his "Patent Inhaling Tubes," through which the vapor is conveyed to the parts affected; and which he earnestly commends for the cheering results which have attended their use; and the fact that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs, and Air Passages. In case of failure, the money will be returned.

Address (post paid) DR. E. N. TRIST, 65 Grand-st., New York City. [illegible]

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How little that Americans have been so long and so invariably immured in darkness and ignorance on the subject of disease.

Fire King Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable contents from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c. [illegible] July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close our safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

This is to certify, that on the 7th day of May, 1851, I purchased of J. Mcll. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT.

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of bodily ailment within the circle of its influence.

The People Themselves

have long since adopted it as the only External remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,

It is used by Mechanics and Laboring men,

It is used in families and factories,

It is used extensively by all Express Companies,

It is used by Farmers and Livery stable keepers,

It is used by everybody, and all speak in its praise.

Where [illegible]

The benumbed limbs are made flexible,

The deep ulcers and frightful sores are healed,

The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

Is the sponsible advice [illegible]

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give tone and elasticity to the limbs before stiffened—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancers, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

are generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to use upon them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind-galls, big-heads, bruises, strains, sitfast, galls, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper [illegible] Who pretends to keep medicine at all, But what keeps a constant supply of the Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,

The medium sized retail for 50 cents per bottle,

The large sized retail for one dollar per bottle,

The medium hold three times as much as the small.

The large holds nearly three times as much as the medium.

Therefore the largest bottles are the cheapest.

CURE OF SORE LEGS, AFTER 8 YEARS STANDING.

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor Holloway as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, and after the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co. of Chartres at New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

PATENT MEDICINES

CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S.C., Aug. 4, '53.

DR. J. C. AYER: Dear sir:—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your Cherry Pectoral, in California in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world,

I am yours, with great respect

J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.

DR. J. C. AYER—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, respectfully, JOSEPH WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1852.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,

D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 18, 1850.

DR. J. C. AYER—My dear sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. DR. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on diseases of the Lungs never before witnessed by the medical profession. [illegible] certificates in hands of Agents.

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

Brooklyn, N. Y., Dec. 20th, 1851.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—try it.

CONSUMPTION CURED.

New York, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the Lung Institution of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland, as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST declines it unprofessional to advertise; but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his "Patent Inhaling Tubes," through which the vapor is conveyed to the parts affected; and which he earnestly recommends for the cheering results which have attended their use; and the fact that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs, and Air Passages. In case of failure, the money will be returned.

Address (post paid) DR. E. N. TRIST, 66 Grand-st., New York City.

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere.

DR. A. L. ADAMS' LIVER BALSAM

COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immersed in darkness and ignorance on the subject of disease.

DR. A. L. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the people of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Mercurial [illegible], Dyspepsia, General Debility, Nervousness, [illegible], Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt, that it is the only reliable medicine ever discovered [illegible] purely vegetable [illegible] disease. The most skeptical [illegible] its virtues, and [illegible] the Liver Balsam is the only reliable [illegible]. Testimonials come up from every track it has been swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the long group of the mentioned diseases, and at once procure and be cured by Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the Union [illegible] of the causes and cure of disease [illegible] who have tested its [illegible] on the subject.

G. E. [illegible], General Agent, No. 47 Randolph-st., Chicago, Ill., to whom all orders must be addressed to receive prompt attention. Sold by

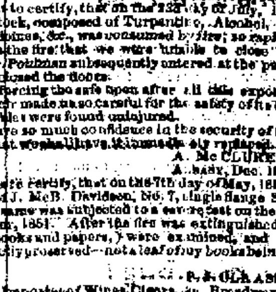
Fire King Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests; some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

Albany, July 27, 1853.

This is to certify, that on the 22d day of July, 1853, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Poulman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

Albany, Dec. 19, 1853.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 19th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

MEXICAN MUSTANG LINIMENT.

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the [illegible] within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies.

It is used by [illegible] and Laboring men.

It is used in families and factories.

It is used especially by all Express Companies.

It is used by Farmers and Livery stable keepers.

It is used by everybody, and all speak its praise.

Where [illegible]

The honored [illegible]

The deep ulcers and frightful sores are healed.

The unsteady nerves are made to vibrate with joy.

Use the Mustang Liniment.

Is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs before diseased—thus performing a double effect.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancers, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

[illegible] generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article of liniment.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind-galls, big-head, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who is skeptical to give this liniment a trial.

THERE is hardly a Country Store [illegible]

Who pretends to keep medicine at all,

But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,

The medium sized retail for 50 cents per bottle,

The large sized retail for one dollar per bottle,

The medium hold three times as much as the small.

The large holds nearly three times as much as the medium.

Therefore the largest bottles are the cheapest.

CURE OF SORE LEGS, AFTER 9 YEARS STANDING.

Mr. W. J. CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor Holloway as follows—For 7 years my wife had a bad breast, with ten running wounds (out of a same route nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, which in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co. of Chartres st. New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

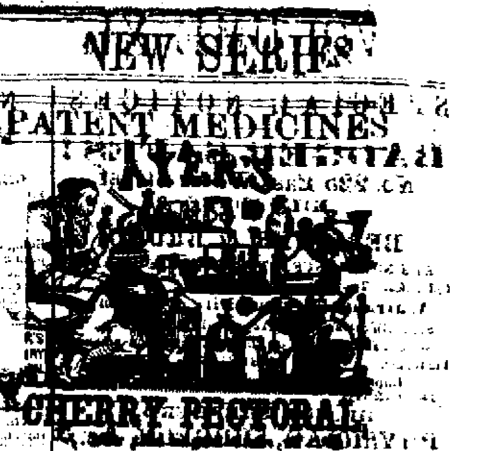
PATENT MEDICINES



CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S.C., Aug. 4, '53.

DR. J. C. AYER:—Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL in California in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,

J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.

DR. J. C. AYER—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers. [illegible]

Please send me a further supply, and believe me,

Yours, with respect, [illegible]

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1852.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,

D. A. MOLLEUX, Attorney at Law.

Wilkesbarre, Pa., Sept. 12, 1850.

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. DR. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on the disease of the Lungs never before witnessed by the Medical Profession. (See certificates in hands of Agents.)

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

Brooklyn, N. Y. Dec. 26th, 1851

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—try it.

CONSUMPTION CURED.

New York, Dec 27th, 1852.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the Lung Institution of Edinburgh, and Hôtel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland, as well as other parts of Europe, with Consumption in all its forms enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST desires it unprofessional to advertise; but others having represented themselves as the discoverers of the Inhaling Treatment, he would say to the afflicted that no one is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his "Patent Inhaling Tubes," through which the vapor is conveyed to the parts affected, and which he earnestly recommends for the cheapness of results which have attended their use; and the fact that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs, and Air Passages. In case of failure, the money will be refunded.
